THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THE CONDITIONS OF SALE

BIDDING

1. All bids are per lot, as numbered in the catalogue. Eastern Auctions Ltd. reserves the right to withdraw any lot prior to sale, to divide a lot or to group two or more.
2. The highest bidder shall prevail at one advance over the next highest bid. Should a dispute arise between bidders, the decision of the auctioneer as to the successful bidder or the re-offering or resale of the lot in dispute shall rest entirely in the judgment of the auctioneer. **On all lots sold a commission of 15% on the hammer price will be payable by the buyer.** The auctioneer shall regulate the bidding and reserves the right to refuse any bid believed by him not to be made in good faith.

PAYMENT FOR PURCHASES

3. **U.S. funds are acceptable only at the equivalent amount shown on the invoice.** Visa and MasterCard are accepted at no extra charge if you include the information on your bid sheet.
4. Payment for lots, including those on which opinions are desired under Condition of Sale 8, shall be made as follows:

A successful mail bidder will be notified of lots purchased and must remit before the lots are sent. A person known to us, or who furnishes satisfactory references, may at our option have purchases forwarded for immediate payment. Delivery will be to the address on the bid sheet. Proof by receipt of sending at the advised address shall constitute delivery. Postage and insurance are payable by the buyer.
5. Title shall not pass to the buyer until Eastern Auctions Ltd has received full payment.
6. Buyers agree to pay for lots as specified above and no credit is extended, a late payment charge of 2% per month is added to overdue payments, minimum \$5.00.

QUALITY AND AUTHENTICITY

7. Each lot is sold as genuine and correctly described based on individual description as modified by any specific notations in this catalogue including (but not restricted to) “Key to Cataloguing”.
 - (a) **QUALITY.** Any lot, description of which is incorrect, is returnable within forty-five days from closing date of auction. If the opinion of a mutually acceptable authority is desired, this period will be extended as noted in Condition 8. All disputed lots must be returned intact in the condition received. Photographed lots are not returnable on account of centering or perforations. Lots containing more than twenty stamps, described “as is”, or described as having faults are not returnable for any reason. Bidders who have had an opportunity to examine the lots prior to the sale may not return the lots.
 - (b) **AUTHENTICITY.** Any lot, which is declared other than genuine by a mutually acceptable authority is returnable, provided the lot is received within a period of four weeks from the date of the auction. Proof that a “mutually acceptable authority” declines to express an opinion is not normally grounds for the return of a lot.
 - (c) Returns must be made by registered mail.
 - (d) Lots marked or encapsulated by an expert committee are not returnable for any reason.
 - (e) Lots accompanied by an existing certificate are not returnable.

EXTENSION OF TIME

8. When an opinion from a mutually acceptable authority is necessary, the buyer shall:
 - (f) Submit the lot without delay to a mutually accepted authority;
 - (g) Ensure that advice in writing to this effect be received before the auction.
 - (h) Remit in full for the lot. The buyer shall be reimbursed in full for any lot declared other than genuine.

EXPENSES OF CERTIFICATION

9. Expenses shall be borne by the buyer except where the lot is other than as described and is returned within the conditions set forth above. Our responsibility is expressly limited to:
- (a) The actual cost of the opinion if up to \$30.00 or less, or
 - (b) The cost of the opinion up to 5% of the sale price but not exceeding a maximum of \$100.00.
 - (c) We are not responsible for expenses on the return of any lot.

SALES TAXES

10. The Harmonized Sales Tax is payable by mail bidders residing in New Brunswick, Nova Scotia and Newfoundland liable to the tax. Other Canadian residents are liable for the GST. Foreign residents are liable for GST only on the buyer’s premium.
11. This firm is a subscriber to the ASDA Code of Ethics for Auction firms.

CONDITION

The various grading of stamps are in order; **Extremely Fine; Very Fine; Fine and Very Good.** In the case of sets, large blocks, sheets, etc., the condition quoted represents the average and quality above and below this standard can be expected.

Mixed condition: in large lots, a range of condition can be expected, from small faults to Very Fine.

GUM

NH	Never Hinged – unused with original gum in Post Office state and unmounted.
LH	Lightly Hinged – unused with full original gum showing some evidence of a previous hinge.

ESTIMATED VALUES

If an estimated cash value is given, it is shown in the description and always indicated by the abbreviation “Est.”. It is used where the lot is large or where the actual value has little relation to the catalogue price. It represents the auctioneer’s appraisal of the true CASH value of a lot and the figure is invariably close to the actual realization. It is useless for mail bidders to list any bids that are only a low proportion of such estimates.

THE MICHAEL ROBERTS COLLECTION

We are pleased to present the Michael Roberts Collection of Canadian stamps, proofs and covers. Armed with an exceptional eye for quality, Mr. Roberts was able to form one of the most desirable and comprehensive Canadian collections ever to come to auction. The stamps are of a consistently high quality rarely seen in today's marketplace.

The collection has incredible across the board strength, the culmination of a forty year search for elusive items in superior quality. It is most unusual to see such extensive representation of all issues both mint and used, not only in singles but often in choice multiples as well.

There are many highlights worthy of special mention. Among the classic rarities is the only known sound 1851 twelve pence black with a coloured cancellation. There is a rare unused six pence on laid paper, as well as two shades of the six pence on wove paper, both mint with original gum. Mint examples of the six pence perforated and ten cents black brown are also in the collection.

Collectors of Large and Small Queens will have a field day studying the five hundred lots of these two popular issues. Of special note in the Large Queens are rare mint blocks, an unused 15c script watermark, and extensive plate varieties with wonderful examples of different stages of the 3c "goatee" flaw. Rare printings, shades and varieties abound in the Small Queen section, with many seldom seen multiples of the early printings. Exotic items continue through to the present day with important imperforates, die proofs, major errors, and desirable varieties.

We hope you will enjoy bidding in this auction.
