AUCTION SESSION

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THE CONDITIONS OF SALE

BIDDING

1. All bids are per lot, as numbered in the catalogue. Eastern Auctions Ltd. reserves the right to withdraw any lot prior to sale, to divide a lot or to group two or more.
2. The highest bidder shall prevail at one advance over the next highest bid. Should a dispute arise between bidders, the decision of the auctioneer as to the successful bidder or the re-offering or resale of the lot in dispute shall rest entirely in the judgment of the auctioneer. **On all lots sold a commission of 15% on the hammer price will be payable by the buyer.** The auctioneer shall regulate the bidding and reserves the right to refuse any bid believed by him not to be made in good faith.

PAYMENT FOR PURCHASES

3. **U.S. funds are acceptable only at the equivalent amount shown on the invoice.** Visa and MasterCard are accepted at no extra charge if you include the information on your bid sheet.
4. Payment for lots, including those on which opinions are desired under Condition of Sale 8, shall be made as follows:
A successful mail bidder will be notified of lots purchased and must remit before the lots are sent. A person known to us, or who furnishes satisfactory references, may at our option have purchases forwarded for immediate payment. Delivery will be to the address on the bid sheet. Proof by receipt of sending at the advised address shall constitute delivery. Postage and insurance are payable by the buyer.
5. Title shall not pass to the buyer until Eastern Auctions Ltd has received full payment.
6. Buyers agree to pay for lots as specified above and no credit is extended, a late payment charge of 2% per month is added to overdue payments, minimum \$5.00.

QUALITY AND AUTHENTICITY

7. Each lot is sold as genuine and correctly described based on individual description as modified by any specific notations in this catalogue including (but not restricted to) "Key to Cataloguing".
 - (a) **QUALITY.** Any lot, description of which is incorrect, is returnable within forty-five days from closing date of auction. If the opinion of a mutually acceptable authority is desired, this period will be extended as noted in Condition 8. All disputed lots must be returned intact in the condition received. Photographed lots are not returnable on account of centering or perforations. Lots containing more than twenty stamps, described "as is", or described as having faults are not returnable for any reason. Bidders who have had an opportunity to examine the lots prior to the sale may not return the lots.
 - (b) **AUTHENTICITY.** Any lot, which is declared other than genuine by a mutually acceptable authority is returnable, provided the lot is received within a period of four weeks from the date of the auction. Proof that a "mutually acceptable authority" declines to express an opinion is not normally grounds for the return of a lot.
 - (c) Returns must be made by registered mail.
 - (d) Lots marked or encapsulated by an expert committee are not returnable for any reason.

EXTENSION OF TIME

8. When an opinion from a mutually acceptable authority is necessary, the buyer shall:
 - (e) Submit the lot without delay to a mutually accepted authority;
 - (f) Ensure that advice in writing to this effect be received before the auction.
 - (g) Remit in full for the lot. The buyer shall be reimbursed in full for any lot declared other than genuine.

EXPENSES OF CERTIFICATION

9. Expenses shall be borne by the buyer except where the lot is other than as described and is returned within the conditions set forth above. Our responsibility is expressly limited to:
- (a) The actual cost of the opinion if up to \$30.00 or less, or
 - (b) The cost of the opinion up to 5% of the sale price but not exceeding a maximum of \$100.00.
 - (c) We are not responsible for expenses on the return of any lot.

SALES TAXES

10. The Harmonized Sales Tax is payable by mail bidders residing in New Brunswick, Nova Scotia and Newfoundland liable to the tax. Other Canadian residents are liable for the GST. Foreign residents are liable for GST only on the buyer's premium.
11. This firm is a subscriber to the ASDA Code of Ethics for Auction firms.

The various grading of stamps are in order; **Extremely Fine; Very Fine; Fine and Very Good.** In the case of sets, large blocks, sheets, etc., the condition quoted represents the average and quality above and below this standard can be expected.

Mixed condition: in large lots, a range of condition can be expected, from small faults to Very Fine.

NH	Never Hinged – unused with original gum in Post Office state and unmounted.

Part OG	Part original gum.

ESTIMATED VALUES

If an estimated cash value is given, it is shown in the description and always indicated by the abbreviation “Est.”. It is used where the lot is large or where the actual value has little relation to the catalogue price. It represents the auctioneer’s appraisal of the true CASH value of a lot and the figure is invariably close to the actual realization. It is useless for mail bidders to list any bids that are only a low proportion of such estimates.

CATALOGUES USED IN LISTING

**Current Scott (2005 & 2004) unless otherwise stated and others as noted in the descriptions.
Unitrade Specialized (2005) used for Canada and the Provinces.**

The catalogue numbers of the contents are given at the beginning of the descriptions, but in bulky lots only the range of issue is shown. The final column shows the catalogue value of the lot.

BIDDING INCREMENTS

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown below will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).

BIDDING IS CONDUCTED IN THE FOLLOWING INCREMENTS:

CONSIGNING

Considering selling? Since 1980 we have steadily built a reputation for outstanding realizations and prompt payment. Our international mailing list, qualified staff and careful catalogue preparation are all aimed at achieving maximum return for your stamps.

The stamp market is remarkably strong for postal history, rare stamps and specialized collections. Increasing demand and the current shortage can only mean higher prices realized for the seller.

We are currently accepting consignments for our next Public Auction slated for Fall 2005. We particularly need specialized Canada from Pence to Admirals, Modern Errors, NFLD, Provinces and Postal History. Also required are United States and Possessions, Commonwealth and Foreign.

If you prefer, outright purchase can be arranged. We constantly require better single items and complete collections for our retail stock. If the value warrants, our buyers will travel to you.

Call **Gary J. Lyon** or **Yohann Tanguay** today
to discuss your holdings.
