THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THE CONDITIONS OF SALE

BIDDING

- 1. All bids are per lot, as numbered in the catalogue. Eastern Auctions Ltd. reserves the right to withdraw any lot prior to sale, to divide a lot or to group two or more.
- 2. The highest bidder shall prevail at one advance over the next highest bid. Should a dispute arise between bidders, the decision of the auctioneer as to the successful bidder or the re-offering or resale of the lot in dispute shall rest entirely in the judgment of the auctioneer. On all lots sold a commission of 15% on the hammer price will be payable by the buyer. The auctioneer shall regulate the bidding and reserves the right to refuse any bid believed by him not to be made in good faith.

PAYMENT FOR PURCHASES

- 3. **U.S. funds are acceptable only at the equivalent amount shown on the invoice.** Visa and MasterCard are accepted at no extra charge if you include the information on your bid sheet.
- 4. Payment for lots, including those on which opinions are desired under Condition of Sale 8, shall be made as follows:

A successful mail bidder will be notified of lots purchased and must remit before the lots are sent. A person known to us, or who furnishes satisfactory references, may at our option have purchases forwarded for immediate payment. Delivery will be to the address on the bid sheet. Proof by receipt of sending at the advised address shall constitute delivery. Postage and insurance are payable by the buyer.

- 5. Title shall not pass to the buyer until Eastern Auctions Ltd has received full payment.
- 6. Buyers agree to pay for lots as specified above and no credit is extended, a late payment charge of 2% per month is added to overdue payments, minimum \$5.00.

QUALITY AND AUTHENTICITY

- 7. Each lot is sold as genuine and correctly described based on individual description as modified by any specific notations in this catalogue including (but not restricted to) "Key to Cataloguing".
 - (a) QUALITY. Any lot, description of which is incorrect, is returnable within forty-five days from closing date of auction. If the opinion of a mutually acceptable authority is desired, this period will be extended as noted in Condition 8. All disputed lots must be returned intact in the condition received. Photographed lots are not returnable on account of centering or perforations. Lots containing more than twenty stamps, described "as is", or described as having faults are not returnable for any reason. Bidders who have had an opportunity to examine the lots prior to the sale may not return the lots.
 - (b) AUTHENTICITY. Any lot, which is declared other than genuine by a mutually acceptable authority is returnable, provided the lot is received within a period of four weeks from the date of the auction. Proof that a "mutually acceptable authority" declines to express an opinion is not normally grounds for the return of a lot.
 - (c) Returns must be made by registered mail.
 - (d) Lots marked or encapsulated by an expert committee are not returnable for any reason.
 - (e) Lots accompanied by an existing certificate are not returnable.

EXTENSION OF TIME

- 8. When an opinion from a mutually acceptable authority is necessary, the buyer shall:
 - (f) Submit the lot without delay to a mutually accepted authority;
 - (g) Ensure that advice in writing to this effect be received before the auction.
 - (h) Remit in full for the lot. The buyer shall be reimbursed in full for any lot declared other than genuine.

EXPENSES OF CERTIFICATION

- Expenses shall be borne by the buyer except where the lot is other than as described and is returned within the conditions set forth above. Our responsibility is expressly limited to:
 - (a) The actual cost of the opinion if up to \$30.00 or less, or
 - (b) The cost of the opinion up to 5% of the sale price but not exceeding a maximum of \$100.00.
 - (c) We are not responsible for expenses on the return of any lot.

SALES TAXES

- 10. The Harmonized Sales Tax is payable by mail bidders residing in New Brunswick, Nova Scotia and Newfoundland liable to the tax. Other Canadian residents are liable for the GST. Foreign residents are liable for GST only on the buyer's premium.
- 11. This firm is a subscriber to the ASDA Code of Ethics for Auction firms.

CONDITION

The various grading of stamps are in order; Extremely Fine; Very Fine; Fine and Very Good. In the case of sets, large blocks, sheets, etc., the condition quoted represents the average and quality above and below this standard can be expected.

Mixed condition: in large lots, a range of condition can be expected, from small faults to Very Fine.

GUM

NH	Never Hinged – with original gum in Post Office state and unmounted.
LH	Lightly Hinged – with full original gum showing some evidence of a previous hinge.
OG	Original gum – showing some evidence of a previous hinge, a portion of which may still be present.
Part OG	Part original gum.
Unused	Unused without original gum (unless gum is mentioned), or regummed.
Ungummed	Without gum as issued.

ESTIMATED VALUES

If an estimated cash value is given, it is shown in the description and always indicated by the abbreviation "Est.". It is used where the lot is large or where the actual value has little relation to the catalogue price. It represents the auctioneer's appraisal of the true CASH value of a lot and the figure is invariably close to the actual realization. It is useless for mail bidders to list any bids that are only a low proportion of such estimates

> Note: Postmaster Mr. J.A. Bulmer instituted a system of accounting between the offices which minimized the transfer of money between post offices, thus lessening the risk of loss. The system put in place utilized cancelled and signed stamps as a form of accountancy. The stamps so signed and cancelled were affixed to letter bills with debit charges for unpaid or underpaid postage on items passing between Larnaca and other post offices. Cyprus had not issued postage due stamps, and these signed stamps took their place in internal accounting on matters regarding postage due. The use of signed stamps for inter-office accountancy extended between the years 1882 and 1895.

WORLDWIDE

The following seven lots are offered intact as received. Each collection is packed with many hundreds of worldwide stamps. Dead countries and elusive colonies are included. Emphasis is on postally used pre-1930 issues. We note a wealth of singles and sets cataloguing from \$20 to \$100 and more throughout these albums. Overall condition is well above average. A few small flaws are to expected on earlier issues. Any forgeries or reprints have been ignored in our conservative estimates. A close look is recommended to fully appreciate these "old-time" collections, which were built over three generations of collecting. Careful viewing will certainly reveal pleasant surprises. An uncommon opportunity for collector or dealer alike.

GRADED CERTIFICATES FOR CANADIAN STAMPS

In this auction I am pleased to offer for the first time selected Canadian mint singles with graded certificates. Grading has already caught on in the United States, following a trend set in the coin industry many years ago. We feel that the practice will continue to grow as the years go by. Graded certificates give the collector or investor a second opinion not only on the genuineness of a stamp, but also on its condition.

We illustrate here a graded certificate prepared by Sergio Sismondo. I have known Sergio for many years, and his reputation speaks for itself. In addition to issuing opinions on stamps and covers from around the world, he has recently agreed to provide a grading service for stamps of Canada and Provinces. This will be limited to mint and used singles that are free of faults.

Here is a list of lots in this auction that include a Sismondo graded certificate:

CANADA PRECANCELS

Extensive Canadian precancel collections seldom appear for sale at auction. When they do, they present an excellent opportunity to acquire rarely seen items. In this section you will find numerous rare precancel varieties offered as single lots, with much other desirable material grouped in some very worthwhile selections. Cataloguing is by the Standard Canada Precancel Catalogue, published by Unitrade (2004; 5th edition). Many of the more elusive stamps are virtually impossible to find in sound condition. Over the course of many years, this collector assembled a remarkably comprehensive collection. In some cases he had to settle for the best available quality on certain key items, as sound examples never surfaced. It is important to note however that overall condition is far better than usually seen. Small faults are to be expected, especially on higher value items. Seasoned precancel collectors will already be familiar with this combination of rarity and quality.

1918 WAR SAVINGS STAMPS

The War Savings Stamps issued during World War I were designed to reach those who could not afford to purchase a Fifty dollar or higher value bond, and for individuals who wanted a regular and periodic contribution. When one purchased their first War Savings stamps they were given a card folder; sixteen spaces for the issued Twenty-five cent for a Four dollar booklet or ten spaces for the Five dollar, for a Fifty dollar booklet folder. The Five dollar War Savings issued in January 1919 sold for four dollars and could be redeemed five years later in January 1924 for five dollars. If purchased after January, there was a premium of One cent per month, to be paid once the folder had been redeemed.
