### **Auction Session**

**Friday October 26<sup>th</sup>, 2012 – 1:30pm (Lot 1001 – 1414)**

It is with great pleasure that we bring you part II of the “Libra” Collections. Collectors will find several main areas of interest covered in depth:

**Admiral Issue -- The 10c Plum (Lots 1001-1056)**

Specialists will tell you that die proofs of the 10c plum are hard to come by. They are correct. Even the archives auction of the American Bank Note sale included only one example. Here however, you have no less than seven to choose from. Choice multiples are also offered including extensive plate number pieces. Collectors of marginal lathework will appreciate several rare lots including a block of four and a strip of ten of the rare type B. These we believe to be equally as rare as the better known 10c Bistre. A selection of covers completes this section.

**Admiral Issue - Other values (Lots 1057-1099)**

Although the 10c plum was the owner’s main focus, occasionally another value would be added. Of special note are a number of scarce covers including several from the collection of Bob Bayes.

**Government Official Postal Markings (Lots 1100-1243)**

If you collect this fascinating field I think you will agree that the collection is likely the finest ever formed. This is your chance to acquire rare and unique items that have been unavailable to collectors for decades. An under-appreciated area of Canadian philately, it is certainly one that has much opportunity for further study and research.

**King Edward VII Issue (Lots 1244-1282)**

This section is primarily postal history related. Illustrated covers, rates, scarce frankings and foreign destinations abound.

**Scroll Issue (Lots 1283-1394)**

Again, we feel that this is one of the finest collections ever to come to market. Among the highlights in the more than one hundred lots are three complete sets of die proofs (both with and without imprint), part perforated pairs and blocks, trial colour die proofs, plate multiples, the unique progressive die proof of the famous Bluenose along with the production file, the “man on the mast” plate variety in mint and used blocks and a mint plate block of 45 of the \$1.00 Parliament. Also on offer are the rare “farmers’ booklets” (all three types), the airmails, collection lots and extensive postal history.

**Imperial Economic Conference Issue (Lots 1395-end)**

If you have been looking for something new to specialize in perhaps this issue is for you. Although not as widely collected as say the Scroll Issue there is still much of interest. And of course, items such as the set of die proofs are at least as rare.

Good luck with your bids.

## A SPECTACULAR STRIP SHOWING THE ELUSIVE TYPE B LATHEWORK

**1041 ★ Lathework Type B, 1918 (December) 10c Plum** A spectacular mint strip of ten showing clear and full Type B lathework - among the most elusive of all Admiral issue lathework, unusually well centered and with deep rich colour; left stamp with single pulled perf, sixth stamp with light vertical crease along perforations and small gum thin on the natural straight edge stamp, nevertheless in an excellent state of preservation, full original gum with six stamps being NEVER HINGED. To the best of our knowledge this strip is UNIQUE, Very Fine (Unitrade 116; catalogue \$14,400) **Est. 7,500.00+**

Provenance: "Mount Royal", Part 1, May 2008, Lot 2243

After close examination of important Admiral name-sale collections sold through past public auctions, we were able to locate only the following:

- 1) Mint block of four (*ex. Harry Lussey 1981, offered as Lot 1042*)
- 2) Lower Left mint block of four, two stamps NH (unknown provenance, Sissons Auctions, June 1988)
- 3) Lower left (off center) mint block of four, two stamps NH (*ex. Abe Charkow, December 1995*)
- 4) Mint LH horizontal pair (*ex. C.M. Jephcott 1990*)
- 5) Mint horizontal pair, one stamp LH and one NH (*ex. C.M. Jephcott 1990*)
- 6) Lower right mint LH corner single (*ex. "Crossings" 2010*)
- 7) Mint strip of ten offered here (*ex. "Mount Royal", May 2008*)

Other than the above, very few examples of type B have surfaced in dealers' price lists in past decades; most offerings consisted of a mint single or pair, plus a single on cover.

Interestingly enough, the famous George Marler collection sold in two parts in 1982 did not have a 10c plum, Type B.

AN OUTSTANDING ADMIRAL LATHEWORK MULTIPLE DESTINED FOR AN ADVANCED COLLECTION.

**1042 ★ Lathework Type B, 1918 (December) 10c Plum** An impressive mint block of four displaying full strong Type B lathework, lovely fresh rich colour, lower pair unusually well centered, top pair hinged, small thin on lower left stamp but lower right is never hinged. A rarely offered lathework block which has graced important Admiral collections of the past; by far the rarest of the lathework types on this value and seriously undercatalogued, F-VF (Unitrade 116) *ex. Harry Lussey (1981), Goodhelpsen (2005)* **3,750.00+**

*For a better understanding on the importance and rarity of this item please see our notes after Lot 1041.*

- 1043 ★ **Lathework Type C, 1920 (April) 10c Plum** A fresh and nicely centered mint block of four showing a complete strong Type C lathework, with full original gum that has never been hinged. Tough to find this nice, VF NH (Unitrade 116) *ex. Abe Charkow (Part 3; 1996)* **6,000.00**

# THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THE CONDITIONS OF SALE

## BIDDING

1. All bids are per lot, as numbered in the catalogue. Eastern Auctions Ltd. reserves the right to withdraw any lot prior to sale, to divide a lot or to group two or more.
2. The highest bidder shall prevail at one advance over the next highest bid. Should a dispute arise between bidders, the decision of the auctioneer as to the successful bidder or the re-offering or resale of the lot in dispute shall rest entirely in the judgment of the auctioneer. **On all lots sold a commission of 15% on the hammer price will be payable by the buyer.** The auctioneer shall regulate the bidding and reserves the right to refuse any bid believed by him not to be made in good faith.

## PAYMENT FOR PURCHASES

3. **U.S. funds are acceptable only at the equivalent amount shown on the invoice.** Visa and MasterCard are accepted at a charge equal to 3.5% of the hammer amount. Please include the information on your bid sheet.
4. Payment for lots, including those on which opinions are desired under Condition of Sale 8, shall be made as follows:

A successful mail bidder will be notified of lots purchased and must remit before the lots are sent. A person known to us, or who furnishes satisfactory references, may at our option have purchases forwarded for immediate payment. Delivery will be to the address on the bid sheet. Proof by receipt of sending at the advised address shall constitute delivery. Postage and insurance are payable by the buyer.
5. Title shall not pass to the buyer until Eastern Auctions Ltd has received full payment.
6. Buyers agree to pay for lots as specified above and no credit is extended, a late payment charge of 2% per month is added to overdue payments, minimum \$5.00.

## QUALITY AND AUTHENTICITY

7. Each lot is sold as genuine and correctly described based on individual description as modified by any specific notations in this catalogue including (but not restricted to) “Key to Cataloguing”.
  - (a) **QUALITY.** Any lot, description of which is incorrect, is returnable within forty-five days from closing date of auction. If the opinion of a mutually acceptable authority is desired, this period will be extended as noted in Condition 8. All disputed lots must be returned intact in the condition received. Photographed lots are not returnable on account of centering or perforations. Lots containing more than twenty stamps, described “as is”, or described as having faults are not returnable for any reason. Bidders who have had an opportunity to examine the lots prior to the sale may not return the lots.
  - (b) **AUTHENTICITY.** Any lot, which is declared other than genuine by a mutually acceptable authority is returnable, provided the lot is received within a period of four weeks from the date of the auction. Proof that a “mutually acceptable authority” declines to express an opinion is not normally grounds for the return of a lot.
  - (c) Returns must be made by registered mail.
  - (d) Lots marked or encapsulated by an expert committee are not returnable for any reason.
  - (e) Lots accompanied by an existing certificate are not returnable.

## EXTENSION OF TIME

8. When an opinion from an acceptable authority is necessary, the buyer shall:
  - (f) Submit the lot without delay to either; (1) the Vincent Graves Greene Foundation or Sergio Sismondo for Canada and British North America; (2) Sergio Sismondo, British Philatelic Association or the Royal Philatelic Society of London for British Commonwealth; (3) Sergio Sismondo for Foreign and (4) PF (Philatelic Foundation) for United States.
  - (g) Ensure that advice in writing to this effect be received before the auction.
  - (h) Remit in full for the lot. The buyer shall be reimbursed in full for any lot declared other than genuine.

## EXPENSES OF CERTIFICATION

9. Expenses shall be borne by the buyer except where the lot is other than as described and is returned within the conditions set forth above. Our responsibility is expressly limited to:
- (a) The actual cost of the opinion if up to \$30.00 or less, or
  - (b) The cost of the opinion up to 5% of the sale price but not exceeding a maximum of \$100.00.
  - (c) We are not responsible for expenses on the return of any lot.

## SALES TAXES

10. Canadian residents will be charged GST or HST as appropriate for their mailing address. Foreign residents are liable for GST only on the buyer's premium.
