## THE BARON COLLECTIONS

One of the great things about our hobby is the development of a passion for a particular issue or collecting area. Melvin Baron actually had several such passions when it came to Canadian philately including first day covers and modern errors, as well as imperforate pairs, plate blocks and tête-bêche multiples.

It is always a pleasure to work with outstanding material. The Baron family acquired many such items, patiently acquiring rarities over many years. Let's start with the **tête-bêche imperforates**. This sale contains not only the Queen Victoria Numeral and King Edward VII strips, but the rare Admiral Issue set as well. The last time a collector had the opportunity to purchase all three of these great rarities in a single sale was in 1965, at the van Straten sale held by Robson Lowe. The 1928 Scroll Issue is also present in a dazzling array of combinations.

In addition, a number of **imperforate plate blocks** will also be sold. These extremely rare items are increasingly popular. The collection focused on special deliveries.

Likewise the **imperforates** section is the most extensive that we have ever offered. They are virtually all present in superior condition beginning with the first issues of the Dominion of Canada to the 1940s. Furthermore, we are very pleased to offer such one-of-a-kind items as the 1¢ orange and 2¢ green Arch Issues and the 3¢ Medallion die II. These have not been on the market in decades.

The current market for Canadian **major errors** presents a real opportunity for collectors. Seldom seen items can be had at attractive prices. While early Elizabethan errors (Karsh to Centennial period) are still well received we believe later errors from the 1970s onwards are neglected, but nevertheless just as rewarding. This particular collection features many elusive errors, including several that we have never offered before. The allure of major errors, with their striking appearance and extremely low quantities available, can only mean increasing prices in the years ahead as new collectors both at home and abroad create more demand.

Melvin Baron had a special affection for **first day covers**, and the family collection formed the basis of many articles about them written with his friend Stan Lum. This seminal series studied FDC's from the 1930s to 1950s and was written over a five year period starting in 1977. It helped popularize the collecting of FDC's; collectors began to realize that a lifetime could be spent on this fascinating area, searching out the different cachets, city cancellations (official and unofficial) and different combinations of stamps. The Baron FDC collection is the largest we have ever handled, filling well over twenty shipping cartons. We have divided the auction lots into two sections -- the first is the main collection and the second is larger lots. Collectors of Newfoundland will also be happy to find covers of interest. The collecting of FDC's offers many challenges, an underrated area with a bright future.

So enjoy the catalogue. I hope you will find one or more items for your collection. Viewing this collection is obviously a pleasure. With that in mind we invite you to attend the sale in person.

QUEEN VICTORIA NUMERAL TÊTE-BÊCHE  
IMPERFORATE BOOKLET PANES  
EXCEEDINGLY RARE WITH PLATE IMPRINT

OTTAWA-10-1

Auction begins at 1:30pm (AST)

**TÊTE-BÊCHE BOOKLET PANES**

- 1 ★ **77e, 1900 2c Carmine, Die II on Horizontal Wove Paper** A phenomenal imperforate tête-bêche strip from the booklet pane sheet, top margin shows full "OTTAWA - No - 1" plate imprint, characteristic horizontal weave associated with booklet panes; ungummed as issued. Some thinning affecting second stamp in lower row and right margin just touching right pair, the key tête-bêche plate strip of four and pair below are completely sound and in choice condition. An extraordinary plate multiple; Very Fine  
**Est. 15,000.00+**

Queen Victoria Numeral booklet panes were printed in sheets of 168 stamps laid out in two columns, each of which contained fourteen panes arranged in seven tête-bêche strips of twelve. A plate imprint appeared above each column. At least two of the fourteen panes were broken up. We feel that one of these may have been the second plate imprint example; after exhaustive research we were unable to locate it.

Provenance: Dr. Leon van Straten, BNA Sale, Robson Lowe Ltd. February 1965; Lot 341  
J.J. Bonar, Robson Lowe Ltd., London, July 1974; Lot 345. *It realized £1,300; by far the highest realization for a lot in the entire specialized sale.*  
Sissons Sale 369, December 1976; Lot 445

Literature: Illustrated in Capex '96 Gems of Philately book on page 79.

ONE OF ONLY TWO POSSIBLE PLATE IMPRINT EXAMPLES.

**KING EDWARD VII TÊTE-BÊCHE  
IMPERFORATE BOOKLET PANES  
IN IMMACULATE CONDITION**

- 2 ★ **90d, 1903 2c Carmine King Edward VII, Type II** A remarkable imperforate tête-bêche strip from the booklet pane sheet, exceptional colour, on the distinctive horizontal weave paper associated with booklet panes; un gummed as issued. Only fourteen strips exist - a couple of which have noticeable faults. This example is in sound condition, Very Fine **28,000.00**

Provenance: Alfred Lichtenstein, H.R. Harmer Inc., November 1954; Lot 227

King Edward VII booklet panes were printed in sheets of 168 stamps laid out in two columns, each of which contained fourteen booklet panes arranged in seven tête-bêche strips of twelve. A plate inscription appeared above each column.

THE IMPRESSIVE ADMIRAL ISSUE TÊTE-BÊCHE  
SET OF THREE IMPERFORATE BOOKLET PANES

- 3 ★ **105c, 107d, 109b, 1923 (circa.) 1c, 2c, 3c Admiral (Dry Printing)** An outstanding set of IMPERFORATE TÊTE-BÊCHE BOOKLET PANES - the One cent yellow, Die I and Two cent green in two panes of six and the Three cent carmine, Die I in two panes of four. **BY FAR THE RAREST SUCH IMPERFORATES OF CANADA AS ONLY SEVEN SETS EXIST.** **67,500.00**

Expertization: all three panes with individual 1985 Greene Foundation certificates with old Canada Specialized numbers.

The One cent and Three cent panes are without gum as issued. Both are large margined and in an excellent state of preservation. The Two cent has a minor gum thin on one stamp and in the margin, otherwise it has full original gum hinged once at centre. During our research on other 2 cent panes we found others with noticeable faults such as gum problems and creases.

A total of seven sets exist. Thanks to Leopold Beaudet's latest census (published in *Admiral's Log*, Vol. XIII, No. 1, Dec. 2013) we are able to give a concise summary. "SET (number)" in **bold** designate that we have seen the actual item or a clear illustration.

**SET 1** - ex. Norris (1950; 1c, 3c panes), Jephcott (1990; 2c pane was added to complete the set)

**SET 2** - The set offered here, from Maresch Sale 182, October 1985; Lot 920 and John Tomlinson Collection (1992).

**SET 3** - ex. Lewis Reford (ca. 1944 privately sold to Richardson), Ed Richardson (1978)

**SET 4** - H.R. Harmer (1966 private treaty), Stan Lum (2013)

**SET 5** - ex. Dale-Lichtenstein (1954), Alfred Cook (1989), "Midland" (1996), Brigham (2015)

**SET 6** - Dr. Leon van Straten (1965), "Lindemann" (1996)

**SET 7** - Private Sale (2013) stated as being ex. Bass

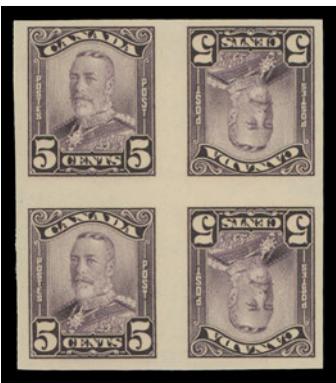

It is interesting to note that several prominent Admiral collectors such as Harry Lussey, George Marler and Abe Charkow among others, were never able to secure a set for their collections.

A FABULOUS SET OF ADMIRAL TÊTE-BÊCHE BOOKLET PANES. RARELY SEEN ON THE MARKETPLACE AND ONE OF THE HIGHLIGHTS OF THIS COLLECTION.

- 4 ★ 149c, 150c, 153c, 1929 1c, 2c & 5c King George V Scroll An impressive top margin set of imperforate tête-bêche strips of twelve, 4.5mm vertical gutter between; the 2 cent shows full "OTTAWA - No A - 2 915 AA" plate inscription. OF THE TWO CENT GREEN KING GEORGE V ARCH**

- 73 ★ **164i, 1930 2c Dull Green, Die I** An amazing imperforate interpanneau block of three with 10mm horizontal gutter, without gum. Most impressive with outstanding visual appeal and completely sound apart from a scissor cut and horizontal fold in the gutter. It has been reported that only two other imperforate pairs exist, one of which is offered in the next lot. A remarkable showpiece in all respects and destined for a world-class collection, Very Fine **Est. 10,000.00+**

Provenance: Maresch Sale 135, September 1981; Lot 979

- 74 ★ **164i, 1930 2c Dull Green, Die I** An exceptional corner margin IMPERFORATE PAIR, very large margins, un gummed with some minor black offset. It has been previously reported that this block came from a regularly issued sheet, partially imperforate and discovered in a Winnipeg post office. However, we feel this is unlikely. This block is flat press and all issued sheets were rotary press. Only the booklet panes and coil stamps were printed by flat press. More research needs to be done.

**END OF AUCTION  
THANK YOU**

# THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THE CONDITIONS OF SALE

## BIDDING

1. All bids are per lot, as numbered in the catalogue. Eastern Auctions Ltd. reserves the right to withdraw any lot prior to sale, to divide a lot or to group two or more.
2. The highest bidder shall prevail at one advance over the next highest bid. Should a dispute arise between bidders, the decision of the auctioneer as to the successful bidder or the re-offering or resale of the lot in dispute shall rest entirely in the judgment of the auctioneer. **On all lots sold a commission of 15% on the hammer price will be payable by the buyer.** The auctioneer shall regulate the bidding and reserves the right to refuse any bid believed by him not to be made in good faith.

## PAYMENT FOR PURCHASES

3. **U.S. funds are acceptable only at the equivalent amount shown on the invoice.** Visa, MasterCard and Paypal are accepted at a charge equal to 3.5% of the hammer amount. Please include the information on your bid sheet. We also accept cheques at no extra cost.
4. Payment for lots, including those on which opinions are desired under Condition of Sale 8, shall be made as follows:

A successful mail bidder will be notified of lots purchased and must remit before the lots are sent. A person known to us, or who furnishes satisfactory references, may at our option have purchases forwarded for immediate payment. Delivery will be to the address on the bid sheet. Proof by receipt of sending at the advised address shall constitute delivery. Postage and insurance are payable by the buyer.
5. Title shall not pass to the buyer until Eastern Auctions Ltd has received full payment.
6. Buyers agree to pay for lots as specified above and no credit is extended, a late payment charge of 2% per month is added to overdue payments, minimum \$5.00.

## QUALITY AND AUTHENTICITY

7. Each lot is sold as genuine and correctly described based on individual description as modified by any specific notations in this catalogue including (but not restricted to) “Key to Cataloguing”.
  - (a) **QUALITY.** Any lot, description of which is incorrect, is returnable within forty-five days from closing date of auction. If the opinion of a mutually acceptable authority is desired, this period will be extended as noted in Condition 8. All disputed lots must be returned intact in the condition received. Photographed lots are not returnable on account of centering or perforations. Lots containing more than twenty stamps, described “as is”, or described as having faults are not returnable for any reason. Bidders who have had an opportunity to examine the lots prior to the sale may not return the lots.
  - (b) **AUTHENTICITY.** Any lot, which is declared other than genuine by a mutually acceptable authority is returnable, provided the lot is received within a period of four weeks from the date of the auction. Proof that a “mutually acceptable authority” declines to express an opinion is not normally grounds for the return of a lot.
  - (c) Returns must be made by registered mail.
  - (d) Lots marked or encapsulated by an expert committee are not returnable for any reason.
  - (e) Lots accompanied by an existing certificate are not returnable.

## EXTENSION OF TIME

8. When an opinion from an acceptable authority is necessary the buyer must request an extension from Eastern Auctions Ltd. prior to the auction. The buyer must pay for the lot in full (a refund will be issued in the event of an unfavourable opinion). Eastern Auctions Ltd. will then submit the lot on the buyer’s behalf to one of the following:
  - Vincent Greene Foundation (Canada and BNA)
  - Philatelic Foundation (USA)
  - BPA or RPSL (British Commonwealth)
  - Sergio Sismondo (World except USA)

## EXPENSES OF CERTIFICATION

9. Expenses shall be borne by the buyer except where the lot is other than as described and is returned within the conditions set forth above. Our responsibility is expressly limited to:
- (a) The actual cost of the opinion if up to \$30.00 or less, or
  - (b) The cost of the opinion up to 5% of the sale price but not exceeding a maximum of \$100.00.
  - (c) We are not responsible for expenses on the return of any lot.

## SALES TAXES

10. Canadian residents will be charged GST or HST as appropriate for their mailing address. Foreign residents are liable for GST only on the buyer's premium.

This firm is a subscriber to the ASDA Code of Ethics for Auction firms.

### SYMBOLS & MAJOR ABBREVIATIONS

★	Mint	⊙	Used	E	Essay
☒	Cover	(/)	Incomplete Set	F	Forgery
(-)	Complete Set	R	Reprint	P	Proof
◆	Graded Stamp	CDS	Circular Date Stamp	L	Literature

## CONDITION

The various grading of stamps are in order; **Extremely Fine; Very Fine; Fine and Very Good**. In the case of sets, large blocks, sheets, etc., the condition quoted represents the average and quality above and below this standard can be expected. Minor perf separation can be expected on larger multiples.

**Mixed condition:** in large lots, a range of condition can be expected, from small faults to Very Fine.

## GUM

<b>NH</b>	Never Hinged – with full original gum in Post Office state and unmounted.
<b>LH</b>	Lightly Hinged – with full original gum showing some evidence of a previous hinge.
<b>OG</b>	Original gum – showing some evidence of a previous hinge, a portion of which may still be present.
<b>Part OG</b>	Part original gum.
<b>Unused</b>	Unused without original gum, or regummed.
<b>Ungummed</b>	Without gum as issued.

## A NOTE ON HINGING

Bidders are reminded that, in accordance with industry standards, hinging is not described with respect to used stamps or stamps and proofs that were printed without gum. Hinging on these items is irrelevant to their condition and value. If hinging is important to you in such cases please contact us before bidding and request further information. **We will not accept the return of used stamps or ungummed items due to hinging.**

Hinging on mint stamps is always disclosed, however, never hinged status should not be expected unless specifically stated “never hinged” or “NH”.

## ESTIMATED VALUES

If an estimated cash value is given, it is shown in the description and always indicated by the abbreviation “Est.”. It is used where the lot is large or where the actual value has little relation to the catalogue price. **It represents the auctioneer’s appraisal of the true CASH value of a lot and the figure is invariably close to the actual realization.** It is useless for mail bidders to list any bids that are only a low proportion of such estimates.
